In Search of EXCELLENCE

Brevard College, situated in the heart of the Blue Ridge Mountains, is an institution continually in search of excellence. The search is kinetic on campus; it includes all realms of campus activities — from academics, to athletics, to the fine arts; but most importantly, these activities all include the quest for individual excellence. Brevard College exists to assist students in recognizing the beauty and excellence within themselves as well as within their environment.

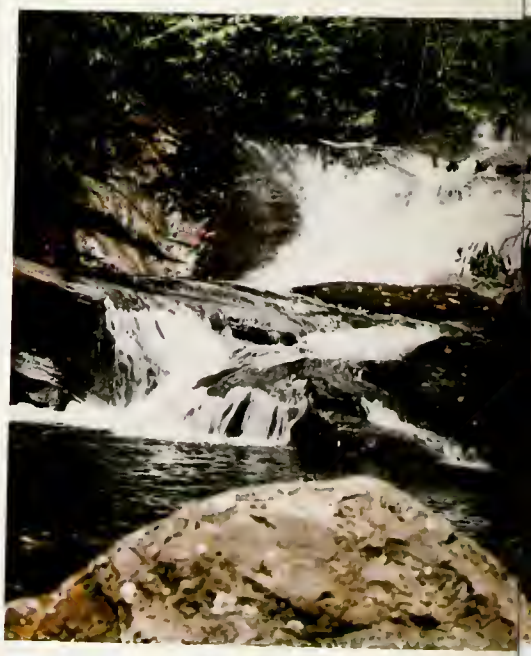
Gene Allen pursues a personal goal of being physically fit. 4. Trying to get the form just right, Thomas Crittenden works on a ceramics project.



In Search of EXCELLENCE

Between the mountains, forests, and waterfalls, the beauty in Brevard is unsurpassed. In autumn, the entire forest as well as the trees on campus turns brilliant shades of red, orange, and gold. This scene is especially eye-catching to the students who have never seen a real fall. The mountains in winter are also striking with glimpses of snow and ice always at the tops of the higher peaks. Waterfalls, too, such as Looking Glass and Bridal Veil Falls, make a great scenic contribution year-round. This setting, with its continual reminders of the excellence in nature, is truly inspirational to both the spirit and the minds of all who have come to this place to teach and to learn.

New Faces, Friends, And Feelings

The first day for freshmen was filled with confusion. However, with the aid of Resident Assistants, Mentors, Big Sisters, and SGA sophomores, all of whom had arrived three days early, they managed to get through it. The next two days were filled with General Sessions and getting acquainted with everyone. The sophomores arrived by August 27, and the whole process of moving in began anew. Following these activities were dances complete with Asheville radio D.J.'s and a live band, Threshold; the college's first outdoor movie, "Raiders of the Lost Ark"; and the fun of Derby Day, all of which combined to make the first week at Brevard College a memorable one.

Derby Day Brings Out A

While the first week of school was filled with tension and curiosity, Derby Day helped in releasing the anxiety with its many fun events. The activities began after the picnic on the green. When President Greer tossed the derby and said, "Let the games begin," every dorm team was ready to battle for the winning position. While some students waited for the opportune moment to spike the volleyball, others concentrated on catching that fragile egg. Other highlights of the day were the watermelon-eating contest, Izzy-dizzy, musical buckets, the three-legged race, and the final test of team strength, the tug of war. The day was wrapped up with the two exciting winners: New Complex with a score of 19 and West Beam with a score of 21.

Fashion: B.C. Style

As for fashions, Brevard College is really with it! Just walking across the campus, you can see styles ranging from new-wave-punk to All-American sweatshirt. There are the average sweaters, jeans and sneakers in a myriad of colors. Then, there are the not-so-average lacy stockings, bangle bracelets, land mismatched earrings for the women. And let's not forget about the guys! They can be seen wearing one or more earrings in one ear, jelly bracelets, and — strangely enough — shorts with boxer shorts extending from beneath them.

Getting Away From It All

The Pisgah National Forest is a favorite attraction of Brevard College students and has much to offer. Students can experience the thrill of getting down Sliding Rock and can witness the majestic beauty of the waterfalls and the Blue Ridge Mountains. Many Brevard College students use the forest as a place to study, relax, or to kick back and have fun. You can usually find Brevard students roughing it in the forest during any weekend.

These students, tired of regular food, resort to picking berries. 4. Eric Hansen, Walt Kuentzel, and John Gillie take a break from the hard work in rock-climbing class.

GETTING AWAY . . .

The forest isn't the only place students go to get away from it all. Many make the approximately forty-five minute trek to Asheville to shop in the mall or go to a movie. Others find good restaurants and movies about thirty minutes away in Hendersonville. Some daredevils travel the treacherous road over Caesar's Head to Greenville, South Carolina, to check out the entertainment; and on weekends many students drive three or four hours to Charlotte or Atlanta for concerts and other big-city activities. Sometimes it doesn't really matter where a person goes as long as it's away from campus just far enough and just long enough to get a change of scenery and a change of pace.

Working Seven Hours A Week

Work Study is an arrangement by which students who show financial need or special abilities may earn up to $700 each year to be put toward the day-to-day expenses of their college education. These students work in various places such as the cafeteria, faculty offices, and the administration building for a few hours each week. The work is not especially difficult, and it affords the students in the program a chance to become better aquainted with the faculty and staff of Brevard College.

FALL ACTIVITIES

The Social Board planned a full schedule this fall which included in addition to special activities such as Casino Night and dances music videos, movies, and Coffeehouses in the S.U. ARA Services also contributed with special activities in the cafeteria such as a live band, bingo, and special meals for individual dorms. Other highlights of the semester were the programs during National Alcohol Awareness Week and the Alumni Phonathon during which B.C. students helped raise around $50,000 for the college. On the occasions when there weren't any planned activities, students didn't usually have any trouble finding things to do in their free time.

Homecoming

1

This year's Homecoming Weekend was simply full of events. It started off on Friday evening with the Lip-Sync Contest. First place was awarded to "The Earth Girls", which consisted of Lucy Notestine, Jackie Jasper, and Maggie Will; second and third prizes were also given. Following the contest was a dance in the Zephyr Ballroom complete with D.J. Chuck Shelf. The fun spilled over onto Saturday starting off with a picnic at the pool. Next came the soccer games: the women's team defeated UNC-A with a score of 6-0, and the men tied Andrew College 1-1. Later in the day a formal dinner was served, and the entire evening was capped by the Homecoming Dance with music by the straight A's. The 1985 Homecoming winners were King, Brian Cook and Queen, Molly Rawlings as well as Prince, Steve DeLong and Princess, Blair Autrey.

DORM LIFE

TAYLOR DORM

Taylor is the oldest regular dorm on campus. Its most outstanding features are probably the "tanning deck" which may be in use in January as well as May, and the sort of salmon-red color of the halls. While Walt Kuentzel is the present R.T., our former Dean Wray once served in that position. Also, the Campus Minister, Charlie Gibbons, lived in Taylor when he was a student here. The students living there now believe they have the nicest lobby on campus (Is that a challenge to Jones?), and that Taylor is, for better or worse, THE party dorm on campus.

Charlie Blythe has been studying too much or partying too hard — what do you think?

Through the magic of Kent Thompson's photography, Fernando has managed to squeeze a crowd into his room.

GREEN

Green Dorm is unique because it's sideways, if you think about it. It has two ends, but it doesn't really have a front and back. Green is also unusual because of the fire escape exit at the north end. This men's residence is the second oldest dorm on campus. One interesting piece of trivia about Green is that Dr. Charlie Teague was the president of the dorm when he was a student at Brevard. There are several soccer players in the dorm, and the present assistant soccer coach, David Taylor, is the R.T. while Dean and Coach Scarborough served as R.T. a few years back.

STAMEY

Brevard College was faced with a shortage of male housing this year; the College set up temporary housing, and eleven students were sent to Stamey, the smallest dorm on campus. With five bedrooms, a lobby, and Dr. Jerry Sherrod as the resident tutor, the Stamey boys made Stamey their home. Early in the year, a group of students from Stamey went to see the President of the school about making the dorm permanent. The building was built in 1946 to be an infirmary, but when the infirmary moved to the gym, first Stamey became a women's dorm and then the art department used the building for an extension. Now those selected male students who reside in Stamey can say "WE ARE JERRY'S KIDS." — Shawn Lackey

JONES HALL

Jones Hall, which houses approximately 180 students, is the biggest residence hall. The east wing, completed in 1956, features two-room suites with connecting baths. The west wing, built in 1953, has community bathrooms. The porch wasn't added until 1965. Unique to Jones is the plumbing system: When the lavatories are in use, al cold water is cut off to the showers. This phenomenon is a great source of amusement to practical jokers, and it is not unusual for a showering person to be unexpectedly doused with hot water. Another distinguishing feature of Jones is "the Pit" which is actually the basement where a few brave souls choose to live. Jones is a popular gathering-place on campus because of the warm and comfortable atmosphere of the lobby.

2

3

1. Teresa Shaw knows what to do in a lounge; lounge! 2. Pam McComas and Beth Wood take a study break. 3. For Ronnie Buell, Richard North, and Bert Nichols, the lobby is also a good place to study.

EAST BEAM

1. Doug Briggs spends his afternoon writing letters. 2. Yes, even college students still love good ole' Fred Flintstone. 3. Juan Rodriguez and Brian Cartland try to act natural for the camera. 4. The coed Beam lobby is a fun place to "hang out".

2

3

4

WEST BEAM

Beam is the most modern regular dormitory on the Brevard College campus. The lobby is shared by both the women's and the men's wings and has a study lounge which is great for all those late nights spent studying. The outstanding features of the rooms are all the storage space and the large bathrooms between every two rooms. West Beam overlooks the center of the campus, and East Beam has a picturesque view of the barn, the weeping willows, the cornfield, and the mountains.

2

3

1. Beam girls enjoy having a trouble-free evening. 2. Linda Shaw and Terri Noel: the perfect roommates! 3. Kim Harrelson, Renee Robinson, and Pam Stephenson have found the absolutely most comfortable position for watching TV.

NEW COMPLEX

The New Complex, whose present R.T. is Steve Kelly, was built in 1982 and was designed to house twenty-four students with six in each of four apartments. The design is such that the apartments could also be used for faculty housing if necessary. Most of the inhabitants are members of the men's cross-cosuntry, track, and basketball teams, not because the apartments are reserved for athletes but because these people just decided to sign up to live there together. The apartments are a very comfortable and attractive addition to Brevard College student housing.

2

ROSS HALL

Ross Hall was built in the early 1920's but has been renovated drastically since that time. It was recently used for faculty housing and is presently a women's residence with Dave Rinker and his wife Sue in charge. There is a great view of the campus from this huge old building on top of a hill, and the students there feel a little more independent since they are further from the center of campus than other students in the dorms. Ross Hall provided an ideal setting for a Halloween Haunted House, and it also has a great driveway for sledding — if there is ever enough snow.

FALL LIFE AND CULTURE

The Fall Life and Culture Series began with Fall Convocation at which Dr. Wood addressed the college on the subject "College is the Real World." This year's Purgason Lecture Series featured Dr. Charles Petty who spoke on the topics "Climbing the Ladder of Success and Taking Your Family with You" and "Sex and What Adults Never Told You." Actor John Chappell, whose Mark Twain performance drew a large crowd a couple of years ago, presented scenes from the life of the famous trial lawyer Clarence Darrow. There were also several art films throughout the semester as well as programs by the Jazz Ensemble, Concert Band, and Collegiate Singers featuring popular, classical, jazz, sacred, and finally Christmas music at the special Christmas Service which closed out the Life and Culture Series.

HALLOWEEN . . .

Halloween started off this year with the Halloween Dance. Admission was by costume. There were a few interesting costumes that attended the Halloween Dinner also. Linda Davis went as a daddy, and Drew Ciriot was mommy. Those who didn't attend opening night of the production *Arsenic and Old Lace* went trick-or-treating at the SU. Toni Stone was a pumpkin, Mike Turner was a playboy bunny, and Kristin Reed was a punk rocker. There was a great variety of costumes. Kappa Chi also had a carnival for faculty kids at the Methodist Church. The President of the college offered hot chocolate, apple juice, cookies, and candy corn to weary trick or treaters at his house. Rumor has it that Mrs. Greer was also in Holloween spirits disguised as a witch. Students and faculty alike seemed to enjoy the bewitching activities of Halloween this year!

PARENTS' WEEKEND

Parents' weekend is always a welcomed event for all of us. The Student Government did a great job of planning activities this year. On Friday November 1, parents could attend our classes and see what attending a class here at Brevard was really like. Friday night activities included a Talent Show and the fall production of *Arsenic and Old Lace*. Saturday morning parents met with teachers and then could attend the girls' and guys' soccer games in the afternoon. Saturday night the drama department put on *Arsenic and Old Lace* again for those who didn't see it Friday night, and there was also a jazz concert in Dunham. On Sunday there was a service of worship and lunch in the cafeteria. Then our parents headed back home on Sunday, tired from a fun-filled weekend.

Arsenic And Old Lace

This year's first dramatic production by the fine arts division, Joseph Kesselring's Arsenic and Old Lace, *opened on October 31. This production went well with Halloween since the plot concerns two sweet little old ladies, Abby and Martha Brewster, who poison lonely old men to put them out of their misery; then the ladies have their nephew Teddy (who thinks he's Roosevelt) bury the bodies in the "Panama Canal", i.e. the cellar. Some of the people who saw the play may have been familiar with the movie version which featured Cary Grant as the shocked other nephew Mortimer. In any case, students, faculty, and parents greatly enjoyed the production, which was presented in the Barn Theatre.*

CHRISTMAS

The Brevard campus showed Christmas spirit starting with the annual Christmas Tree Lighting Sunday, December 8. Participants brought gifts such as food, toys, or clothing to donate to needy people in the community. Before exams, there were a special Christmas Dinner and a Christmas Dance with a live band. The Greers also contributed to the holiday mood by hosting a Christmas Party in the Student Union. Many students decorated their rooms and doors, participated in "Secret Santa", and went to dorm parties. All of the festivities helped students get through exam week and on to their long Christmas vacation.

The Dreaded Week Of . . .

EXAMS

The coming of exams means different things to different people. For some, it signifies the end of the semester and the arrival of Christmas vacation; for others, it is the last opportunity to raise their grades. And for all it is a time for serious studying. Signs on dorm room doors reading "I'm studying! Disturb at your own risk!" are commonplace. Visitations hours are extended, and a policy of round-the clock quiet hours is put into effect. At any rate, everyone agrees that the best part of exams is being finished with them.

Spring Registration

A Fresh Beginning . . .

Everyone returned to school after a long, much needed break on January 12th. Registration for returning sophomores was January 13th, and new students and freshmen registered on January 14th. Classes started on Wednesday the 15th. Some students left and transferred to other colleges and universities while we had a few new students come to Brevard for the Spring Semester. Spring Semester also saw the return of former Dean of Admissions Dana Paul and former Registrar Bill Gash.

Second Semester Action

Second semester's social activities got started right away with a dance and casino night. The week of Valentine's Day provided extra entertainment with special coffeehouses the Thursday before and the Tuesday after and with a special Valentine's Dance complete with an attractively decorated dance floor, and a significant amount of snow to commemorate the occasion. Although the yearbook went to press well before the semester was over, several other activities which it could not cover were planned. Faculty and staff anticipated the early March visit of the Committee which would evaluate the college's Self-Study; meanwhile, students looked forward to a special spring formal in April to be held in the Deerpark Inn at the Biltmore House in Asheville and also to the last big social event of the year, Springfest. Another highlight of the semester was the annual Christian Encounter week and the continuing religious life *Pause* activity with meditations led by students. As usual, B.D. students continued to find creative ways to amuse themselves.

Spring Life And Culture

This semester's Life and Culture series opened with Spring Convocation where U.S. Congressmen Bill Hendon addressed the college community. The series continued with classical music performances by the American Chamber Trio, Kate Ransom and Tony Sirianni, and the Brevard Chamber Orchestra. Although the yearbook went to press before concluded, there were also plans for concerts by the College Jazz and Concert Bands as well as the jazz trio called Northwind. Dr. Sam Clark, the campus Minister of Oxford College in Georgia, was to preside over this year's Staley Lectures. And last but certainly not least, Juan Rodriguez played a superb Charlie Brown in this semester's spring drama, *You're A Good Man, Charlie Brown.*

The American Chamber Trio & Kate Ransom with Anthony Sirianni were among the classical performers during the Spring Semester.

Cupid Strikes Brevard College

This year's snow-capped Valentine's Day was a two-day event. It started with a banquet-style dinner on the eve of Valentine's Day; there were even real tablecloths and candles, too! The College Bookstore got into the spirit by delivering flowers to your Valentine anywhere on campus. The Valentine's Dance was held at the spectacularly decorated cafeteria. Pink, Red, and white balloons dangled from the ceiling and musical entertainment was provided once again by D.J. Chuck Shelf. The king and queen were Brian Cook and Margaret Belk, respectively.

Who's Who Among Students In American Junior Colleges

Twenty-two Brevard college students were included in the 1986 edition of *Who's Who in American Junior Colleges*. These students received this distinguished honor based on their academic, extracurricular, and community involvement during their Brevard College careers. This honor gives recognition not only to their various achievements, but also to the individuals themselves — their leadership, potential, and concern. Involvement in activities and concern for others are two keys to being selected among the country's most outstanding campus leaders. These students take pride in being chosen as recipients of this honor as well as being recognized as important members of the Brevard College community.

Student Marshals

A marshal is, according to Webster's Dictionary, "a person who arranges and directs the ceremonial aspects of any gathering." At Brevard College, the honor of being named a marshal is given to only the students in the class with the highest academic ranking. The marshals are chosen as freshmen on Honors and Awards Day in May; their first duty is to assist at the Baccalaureate and Commencement exercises, and the next year they serve at convocations and again on Honors Day when their successors are chosen.

New Leadership Takes Over

Former President of Andrew College in Cuthbert, Georgia, Dr. William Greer Jr. was officially appointed President at Brevard on September 1, 1985. Dr. Greer, 43, is a native of Tifton, Georgia. He and his wife, Fann, have three sons — William, Robert, and David. Greer's prospective projects include reconstructing the art building, adding a new dorm, and building a new chapel. Dr. Greer says, "I am only observing now; I am too new to know what kind of changes Brevard College needs." Dr. Greer enjoys coming to work every day and hopes to achieve a good relationship with the students.

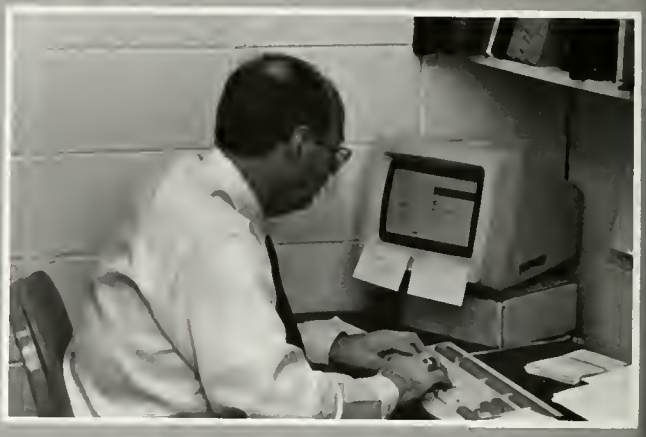
"I enjoy being out with the students."

At the Faculty Dinner Dr. Greer reveals what Mr. Fisher caught him wearing at their first encounter.

"The most important thing that takes place on this campus is what happens in the classroom between a teacher and a student."

Congratulations **President** Wray!

On November 21, 1985, the trustees of Andrew College in Cuthbert, Georgia, officially named Dr. Morris Wray as their new president. In an unusual turn of events, Brevard College took Andrew College's former president, Dr. Billy Greer, and gave Andrew College Brevard's own Dean Wray. The appointment wasn't quite that coincidental considering the fact that Dr. Wary originally came to Brevard from Andrew College eight years ago. When Dr. Wray left Brevard, immediately after receiving his appointment, Dr. Charles Teague became Acting Dean while the President and an advisory committee of faculty members began the search for a new dean, whom they hoped to name sometime in the spring. While Dr. Wray is now President Wray, he will always be fondly remembered as Dean Wray by the many people who knew him while Brevard College was his home.



Acting Dean Teague is not one to panic under pressure.

The Turtle Man

The Social Science division, headed by Mr. Ray Fisher, includes courses in business, psychology, sociology, economics, political science, and history. While all Brevard students are acquainted with the department, perhaps the most well-known member would be history and political science professor Peter Burger. Mr. Burger is known for his interesting methods of teaching which include witty sayings and props such as a bag of beans and especially turtles. The whole turtle approach began years ago when Mr. Burger's daughter was fascinated by turtles and he developed this same interest. Since the early 1970's Mr. Burger has collected turtle paraphernalia from ceramic turtles to turtle ties, and his turtles have survived many threats and assaults from the RLO (Rosman Liberation Organization) to become an unusual but effective method of getting students interested in history and political science.

Biology At B.C. — Jamaican Style

One of the most interesting courses offered by the Math and Science Division at Brevard is the Biology 289 field trip to Jamaica during the spring semester. Each spring, division chairman Dr. Bill Brower takes a small group of students to Jamaica to study coral reefs and marine ecology. During the week-long trip, students also have plenty of time to relax and sight-see in their exotic surroundings. Thus, this course is a great opportunity to learn and to have fun during Spring Break. Although the yearbook went to press before the trip was made, all the plans were in the works for another successful class.

Students Teach Each Other In Ethics

The Humanities Division, headed by Dr. Clara Wood, offers many interesting courses in English, foreign languages, religion, and philosophy. One course in the philosophy department offers students the chance to teach the class themselves for part of the semester. The teacher of the course, Preston Woodruff, describes it as follows: **"Abortion, the death penalty, the presence of poverty in a land of wealth — questions like these are perennial in the study of ethics, the investigation of values. The ethics course at Brevard College meets every semester to raise issues like these, to study the ideals of ethical philosophers from the past and present, and, most importantly, to enable students to arrive at their own conclusions about the values in their own lives."**

VAX Land

The Computer Science department is in its second year at Brevard College. It is headed up this year by Dr. Wetmore, who arrived in June from St. Andrews College in Laurinburg, N.C. Dr. Wetmore has two main goals in mind for the academic year of 1985-86: first, to assimilate the computer into all aspects of the Brevard curriculum and second, to build up the faculty. Dr. Wetmore already has the building blocks for this second task with new faculty members Mr. Sherrod and Mr. Moore. Brevard College is continually upgrading its computer system, which is accessible to all students and faculty.

FOCUS ON VISUAL ARTS

While most of the Brevard College community has had the privilege of being entertained by the music department's programs in Dunham and elsewhere, very few people realize that another type of fine arts program is presented constantly in the Coltrane Art Building. Most students who have not taken art classes have probably never been in this building at all, and the same situation is probably true for some of the faculty and other members of the community. However, the art building is always open to people who would like to browse through the displays of student work. At times some of the art instructors, such as Tim Murray and Cherl Harrison, also display their work for the public. The art building exists not just for the artists: it is there for everyone to enjoy.

P.E. Dept. Offers Diversified Activities

P.E. in high school usually meant spending a couple of weeks on one activity performed either in the gym or on the playing field and then moving on to other limited activities which had to be mastered quickly. At Brevard College, students can make their own choice from over twenty activities. Also, students have a whole semester in most cases to enjoy and master the activity they have chosen. Brevard offers courses in such varied areas as rock-climbing and skiing. This year the college added two new courses, outdoor education in the fall and canoeing in the spring. So P.E. at Brevard isn't just "gym period": it's a chance to exercise, earn credit, and practice skills in an activity that a person may enjoy for life.

Student Government Association

The core of the student government association at Brevard College is made up of the president, the vice-president, and the two freshmen representatives from each dorm and from the day students. The dorm presidents are automatically part of the Social Board branch of the SGA while the dorm presidents are on the Judicial Board. Anyone else who wants to participate can be a part of the SGA. The SGA President for 1985-1986 was Henning Brandt, the Social Board Vice-President was Chuck Shelf, and the Judicial Board Vice-President was Brian Cook.

With the renovations of the Student Union which began in the fall of 1985, the Social Board planned to make more use of this building for student activities. MEN STRIKERS

Under the supervision and coaching of Dean Scarborough and new assistant coach David Taylor, the Brevard men strikers posted a 14-5-1 record for the '85-'86 soccer season. Consisting of five sophomores and nineteen talented freshmen, the men performed exceptionally well in a high scoring game against North Greenville where they won with the score 8-1. Also during the season, returning sophomore Alfredo Moya, again an all American, broke the Brevard scoring record of 30 goals once held by Danny Kristman in '83-'84. Considering the achievement of this year's team, it is almost modest to predict a super '86-'87 season with plenty of returning players.

LADY STRIKERS

In their very first season, the women's soccer team, coached by Julie Johnson, made a bold start by setting up a full schedule which included several large four-year universities such as Georgia Tech, Emory, and U.T.-Knoxville. They ended the season with a respectable 7-7 record, and even defeated some teams from higher divisions and four-year schools such as UNC-Asheville and Warren Wilson. They played aggressively and were in the game even when they were outmatched by more experienced teams, and they made a strong beginning for this new sport at Brevard College. A few of the outstanding players were as follows:

Most Valuable Player	Allison Wright
Most Valuable Defender	Annie Fisher
Most Valuable Midfielder	Lynn Simril
Most Valuable Offender	Missy Meyer
Most Improved Player	Molly Rawlings

MEN'S CROSS-COUNTRY TEAM DOES IT AGAIN

Fourth National Title In A Row

The men's cross-country team had another in a series of remarkable years under the leadership of Coach Norm Witek. They won three major four-year invitationals — Malone, UNC-Charlotte, and Berry — and finished with an overall record of 89-1. Even more amazing is the fact that the team has gone undefeated in dual meets for the eighth straight year and has won the national cross-country title for four straight years. These achievements support Brevard's claim to have the strongest distance program among junior colleges in the United States.

WOMEN'S CROSS COUNTRY WINS THIRD AT NATIONALS

Lizanne Lance, Arlene Musick, Stephanie Perry, Coach Rinker, Karen Mulligan, Heather Chamberlain, Kim Nelson, Terrie Jackson

The women's cross country team had a very good season in 1985. Under the leadership of Coach Dave Rinker, they qualified for the nationals held in Chicago, Illinois, where they came in third overall. This finish is quite remarkable in light of the fact that this is the first year that Brevard has had a complete team and a full schedule for women's cross country. This year's team also produced and All-American, Terrie Jackson, who finished sixteenth overall at nationals. The women made strong showings at meets all season that included large four-year schools, and their fantastic finish at nationals helped Brevard College win the first Nike Cup, an award given to the school with the best men's and women's programs combined. Next year looks promising because all the runners should return and a good recruiting year is expected.

Men Dunkers

The men's basketball team landed a 19-11 record for the '85-'86 season. Under the coaching of Mr. Doug Rogers, the team managed to come in 3rd place in the Conference and 2nd in the Regional tournaments. Consisting basically of freshmen, the team had no problems achieving such accomplishments. There were five returning sophomores on the Tornado team; nevertheless, skilled freshmen like Maurice Little, Darren Sowell, and Tony Plemmons — just to name a few — had no problems in displaying their talents with a basketball. Needless to say, last year's standout Ricky Chatman along with Anthony Hailey contributed greatly to the team performance. Overall every member did his part to make this year a success.

Lady Tornados

The women's basketball team had a rough year due to many injuries within the team. With the help of the team's captains, Carmen Nelson and Susan Seymour, they managed to finish the year with a record of 2-6 in the WCJCC and an overall record of 6-14. Also, other outstanding players included Shelley Ivey, leading scorer, and Carmen Nelson, leading rebounder. Although the team had many setbacks, they maintained school spirit, discipline and enthusiasm.

MEN'S TRACK

The Brevard men's track team once again had a very productive year. Five of the track team members qualified for Indoor Nationals: Tyrone Adams, John Christiansen, Henning Brandt, David Mays, and Dean Duncan. Among these five track individuals, three made All American: Henning Brandt, Tyrone Adams, and John Chritiansen. The Brevard College track team as a whole finished in the top ten finals indoors.

The women's track team competed in National Championships held at Fayetteville, Ark. Three women qualified to compete in this meet: Ellen Forbes in the high jump, Terrie Jackson and Kim Nelson in the mile and two mile. The women also broke eight school records. Freshman Kim Nelson had an outstanding season and achieved the honor of being an All-American. The combined efforts of the women made the team a huge success.

TORNADO TENNIS

Both the men' and women's tennis teams were just getting their spring season underway as the yearbook went to press. The men's team, coached by Bill Alexander, had returning from the fall Dee Moulton, Doug Cron, Brian Allen, and Tracy Clark in order of position. Greg McIntosh was new in the spring and was playing at the #5 position, while returnee Scott Stonefield and newcomer Eric Janulet battled for the #6 singles position. The team had 15-17 matches and two tournaments planned for the spring. The women's tennis team began practicing early in the spring under the guidance of Coach Julie Johnson while Coach Jane Long was still busy with women's basketball. Their first match was scheduled to be March 3 against Lees-McRae

INTRAMURALS

1

Many Intramural activities were offered this year with some in particular drawing a lot of participation. Some of the fall activities were flag-football and ping-pong, and volleyball was also popular. The spring calendar offered billiards and trivial pursuit; however, basketball was the most popular activity especially since a faculty team including President Greer was involved.

In Search of EXCELLENCE

In keeping with our theme "In Search of Excellence," Brevard College has worked to attain this goal for 1985-86. The college has prepared itself for the betterment of the students by completing the Self-Study for Reaccreditation by the Southern Association of Colleges and Schools. The Computer Center has also been strengthened by the addition of new instructors and new software. B.C.'s challenging academic program prepares students for a senior college and for the world after college. Christian education is also a vital part of Brevard; therefore, the college is dedicated to building character as well as knowledge. Brevard College continues to challenge its students with the school motto, *Cognosce ut Prosis:* "Become Acquainted with Knowledge in order to Do Good."
